DATA SHEET

JABRA EVOLVE2 55

The next-generation professional headset. Engineered to unleash hybrid productivity.

Technology for life's new rhythm

OUT-OF-THIS-WORLD COMFORT

Game-changing Jabra Air Comfort technology helps you focus on your day without your headset getting in the way. Layers of ultra-soft perforated foam inside the pressure-relieving headband* create incredible out-of-this-world comfort. Flexible, ergonomic earcups rotate to move whenever you do, for even more freedom. **Now there's nothing holding you back.**

ACTIVE NOISE CANCELLATION

A novelty acoustic chamber design, premium noise-compressing mics, and a specially-designed chipset deliver powerful Active Noise Cancellation, shielding you from outside noise to create your very own focus zone. **Silence your surroundings.**

NOISE-CANCELLING MICROPHONETECHNOLOGY

A clever chipset powers the speech-separating, noise-cancelling algorithm and 2 premium microphones inside Evolve2 55, to effectively filter out background distractions. So whoever you're talking to hears you – and only you – as clearly as if you're sitting next to them. **Sound professional, even when your surroundings aren't.**

ONE HEADSET FOR WORK AND PLAY

Efficiency-boosting tech and a 360-degree busylight promote focus and collaboration, while optimization for music and media, 28mm custom speakers, and personalizable sound via the Jabra Sound+ app mean there's no need to switch headsets when it's time to take a break. And with up to 10 hours talk time and 18 hours listening time** you can easily work and play through the day. **Keeps work and life in perfect harmony.**

FLEXIBLE AND FAST SETUP

Evolve2 55 is designed to make things easier. It's action-ready right out the box, with easy pairing and dual connectivity - think Bluetooth® for on-the-go speedy access, and a professional USB adapter for instant plug-and-play connection to your laptop. A wireless range of up to 30m/100ft provides even more flexibility to go wherever the workday leads. **More flexibility. Endless possibilities.**

UNIFIED COMMUNICATIONS (UC)

Evolve2 55 works with all virtual meeting platforms and is also available in a Microsoft Teams-certified variant for more efficient and seamless collaboration. **The professional way to work.**

* Stereo variant only. Mono variant has lightweight non-padded headband

** Up to 10 hours talk time with ANC on and Busylight on, and up to 18 hours listening time with ANC off and Busylight off
