Important : procédez à la mise à jour avant d'utiliser le produit

turtlebeach.com/audiohub

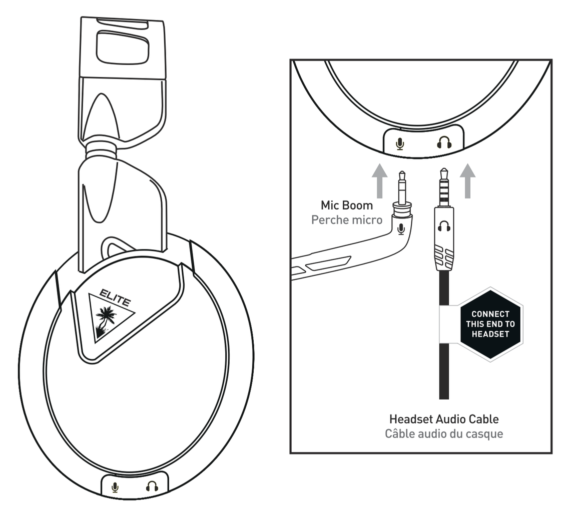

Update your headset with the Turtle Beach Audio Hub for Windows & Mac for the latest features.

Mettez votre casque à jour grâce à l'application Turtle Beach Audio Hub pour Windows/Mac et profitez des dernières fonctionnalités.

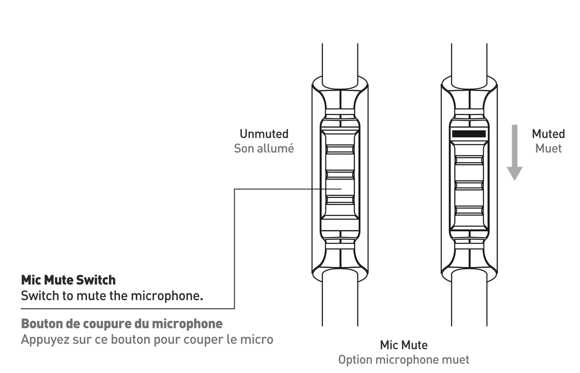

Download the Turtle Beach Audio Hub app on iOS or Android device to gain full access to the features of your headset. LED Customizations, Audio Presets, Game Specific Controls, and much more can all be found in the app! Once downloaded, connect your Elite SuperAmp™ via Bluetooth® to your mobile device and play like the Pros.

Téléchargez l'application Turtle Beach Audio Hub sur Android/IOS afin de mettre à jour votre casque et d'accéder à toutes ses fonctionnalités ! Vous pourrez personnaliser les indicateurs lumineux, les presets audio, les commandes spécifiques aux jeux et bien plus encore ! Une fois l'application téléchargée, connectez votre Elite SuperAmp™ à votre téléphone portable ou tablette via Bluetooth®, et jouez comme un pro !

ProSpecs™ Glasses Relief System
Système spécial lunettes ProSpecs™

For those who game with glasses, adjust the ProSpecs™ Glasses Friendly System for added comfort
Le système ProSpecs™ a été conçu spécialement pour garantir aux joueurs qui portent des lunettes un confort absolu

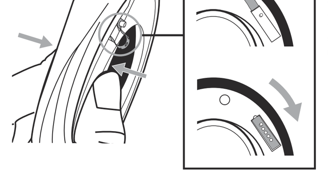

1

EN
The ProSpecs Glasses Relief System creates a channel in the ear cushion to help reduce pressure on your glasses frame. In order to adjust this, you must first remove the magnetic ear cushion. Hold the ear cushion firmly and pull it away from the speaker. The ear cushion is held there magnetically and should come off with minimal effort.

FR
Le système spécial lunettes ProSpecs™ réduit la pression exercée sur les montures. Pour l'utiliser, vous devrez tout d'abord retirer les coussinets magnétiques. Tenez fermement le coussinet et détachez-le de l'écouteur. Il est maintenu par la force magnétique, vous devriez pouvoir le retirer sans mal.

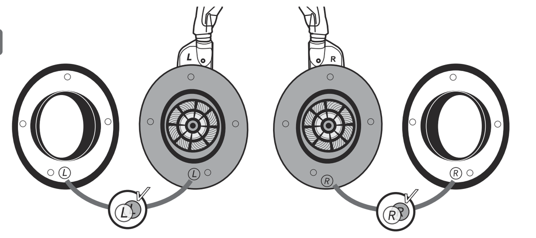

2

EN
Depending on the size of your glasses frame, use the tab adjustment to create the appropriate sized channel in the ear cushion. By default, the adjustment tab is set to the shallowest setting. To increase the size/depth of the channel in the ear cushion, simply pull the tab and attach it to the post based on your preference.

FR
Utilisez la sangle de réglage pour créer et ajuster l'espace nécessaire correspondant à la taille de vos montures. Par défaut, la sangle propose le plus petit réglage possible. Pour augmenter la taille ou la profondeur nécessaire, tirez tout simplement la sangle et fixez-la en fonction de vos préférences.

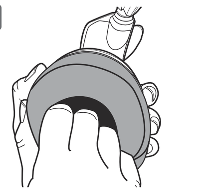

3

EN
After you've adjusted the glasses friendly channel to your liking, place the ear cushion back onto the speaker. The ear cushion is held there magnetically and should snap back into place with minimal effort.

FR
Une fois que vous êtes satisfait, replacez le coussinet sur l'écouteur. Il est maintenu par la force magnétique, vous devriez pouvoir le replacer sans difficulté.

Regulatory Compliance Statements for the Elite Pro 2 P

Federal Communications Commission (FCC) Compliance Notices

Class B Interference Statement
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15, Subpart B of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

FCC Caution:
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This product is compliant with the Consumer Product Safety Improvement Act of 2008, Public Law 110-314 (CPSIA)

Canadian ICES Statements

Canadian Department of Communications Radio Interference Regulations

This digital apparatus does not exceed the Class B limits for radio-noise emissions from a digital apparatus as set out in the Radio Interference Regulations of the Canadian Department of Communications. This Class B digital apparatus complies with Canadian ICES-003.

Règlement sur le brouillage radioélectrique du ministère des Communications

Cet appareil numérique respecte les limites de bruits radioélectriques visant les appareils numériques de classe B prescrites dans le Règlement sur le brouillage radioélectrique du ministère des Communications du Canada. Cet appareil numérique de la Classe B est
conforme à la norme NMB-003 du Canada.

European Union and European Fair Trade Association (EFTA) Regulatory Compliance

Declaration of Conformity
Marking by this symbol: CE

indicates compliance with the Essential Requirements of the EMC Directive of the European Union (2014/30/EU). This equipment meets the following conformance standards:

Safety:	EN 60950-1: 2006 + A11: 2009 + A1: 2010 + A12: 2011 + A2: 2014 (T-Mark License), IEC 60950-1: 2005 (2nd Ed.) + Am 1: 2009 + Am 2: 2013 (CB Scheme Certificate), EN 50332-1: 2013, EN 50332-2: 2013, EN 71-3: 2013 Additional licenses issued for specific countries available on request
Emissions:	EN 55032: 2012 + AC: 2013, CISPR 32: 2015
Immunity:	EN 55024: 2010, CISPR 24: 2010 EN 61000-4-2: 2009, EN 61000-4-3: 2006 + A1: 2008 + A2: 2010, EN 61000-4-8: 2010

The products are licensed, as required, for additional country specific standards for the International Marketplace. Additional issued licenses available upon request.

Environmental: Low Voltage Directive 2014/35/EU, RoHS 2011/65/EU, REACH 2006/1907/EC, WEEE 2012/19/EU, Packaging 94/62/EC, Toys Safety Directive 2009/48/EC

This symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste for recycling, please contact your local authority, or where you purchased your product.

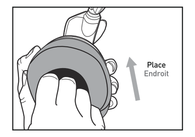

Turtle Beach Europe Ltd is obligated as a producer with a main activity of selling under The Producer Responsibility Obligations (Packaging Waste) Regulations 2007. To fulfil our obligation we are registered with Comply Direct and their Recycling Room. Here you will find advice and information on packaging waste management, recycling symbols and the waste hierarchy principles of reduce, reuse and recycle.

https://www.complydirect.com/the-recycling-room/

To Access the Rating Label: | Pour accéder à la plaque signalétique :

1. Remove the **left** ear pad
1. Retirez le coussinet **gauche**

2. Place ear cushion back onto the silver ring of your headset. The ear cushion will snap into place due to the magnetic polarity.
2. Replacez le coussinet dans l'anneau argenté de votre casque. Il se remettra en place sans difficulté grâce au magnétisme.

• Consult the dealer or an experienced radio/TV technician for help.

FCC Caution:
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

RF Radiation Exposure & Hazard Statement
To ensure compliance with FCC RF exposure requirements, this device must be installed in a location such that the antenna of the device will be greater than 2 cm (0.8 in.) from all persons. Using higher gain antennas and types of antennas not covered under the FCC certification of this product is not allowed. Installers of the radio and end users of the product must adhere to the installation instructions provided in this manual. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

Non-Modification Statement
Use only the supplied internal antenna. Unauthorized antennas, modifications, or attachments could damage the Elite SuperAMP™ P Models and violate FCC regulations. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. Please contact Turtle Beach for a list of approved 2.4 GHz antennas.

This product is compliant with the Consumer Product Safety Improvement Act of 2008, Public Law 110-314 (CPSIA)

Canadian ICES Statements

IC: 3879A-0095

This device complies with ICES-003 and RSS-247 of Industry Canada.
Operation is subject to the following two conditions:
1. This device may not cause interference, and
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Ce dispositif est conforme aux normes NMB003 et CNR-247 d'Industrie Canada.
1. L'utilisation de ce dispositif est autorisée seulement aux conditions suivantes :
2. il ne doit pas produire de brouillage et l'utilisateur du dispositif doit être prêt à accepter tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre le fonctionnement du dispositif.

To prevent radio interference to the licensed service (i.e. co-channel Mobile Satellite systems) this device is intended to be operated indoors and away from windows to provide maximum shielding. Equipment (or its transmit antenna) that is installed outdoors is subject to licensing and not supported by Elite SuperAMP™ P Models.

Pour éviter les interférences radio au service agréé (c.-à-d. Les systèmes par satellite mobile co-canal), cet appareil est destiné à fonctionner à l'intérieur et à l'extérieur des fenêtres pour assurer un blindage maximal. L'équipement (ou son antenne d'émission) installé à l'extérieur est soumis à l'octroi de licences et n'est pas pris en charge par les modèles Elite SuperAMP™ P.

RF Radiation Exposure & Hazard Statement
To ensure compliance with RSS-102 RF exposure requirements, this device must be installed in a location such that the antenna of the device will be greater than 2 cm (0.8 in.) away from all persons. Using higher gain antennas and types of antennas not covered under the IC certification of this product is not allowed. Installers of the radio and end users of the product must adhere to the installation instructions provided in this manual. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

Exposition aux radiations RF & Mention de danger
Pour assurer la conformité avec les exigences RSS-102 d'exposition aux RF (Radio Fréquences), cet appareil doit être installé dans un endroit ou l'antenne de l'appareil sera située à une distance de plus de 2 cm (0.8 po) de toutes personnes. L'utilisation d'antennes à gain plus élevé et les types d'antennes qui ne sont pas couverts en vertu de la certification IC de ce produit n'est pas autorisée. Les installateurs de la radio et les utilisateurs du produit final doivent se conformer aux instructions d'installation fournies dans ce manuel. Cet émetteur ne doit pas être co-implanté ou exploité en conjonction avec toute autre antenne ou transmetteur.

European Union and European Fair Trade Association Regulatory Compliance

This equipment may be operated in the countries that comprise the member countries of the European Union and the European Fair Trade Association. These countries, listed below, are referred to as The European Community throughout this document:

AUSTRIA, BELGIUM, BULGARIA, CYPRUS, CZECH REPUBLIC, DENMARK, ESTONIA, FINLAND, FRANCE,, GERMANY, GREECE, HUNGARY, IRELAND, ITALY, LATVIA, LITHUANIA, LUXEMBOURG, MALTA, NETHERLANDS, POLAND, PORTUGAL, ROMANIA, SLOVAKIA, SLOVENIA, SPAIN, SWEDEN, UNITED KINGDOM, ICELAND, LICHTENSTEIN, NORWAY, SWITZERLAND

Declaration of Conformity
Marking by this symbol: CE

indicates compliance with the Essential Requirements of the Radio Equipment Directive (RED) of the European Union (2014/53/EU). This equipment meets the following conformance standards:

Safety:	EN 60950-1: 2006 + A11: 2009 + A1: 2010 + A12: 2011 + A2: 2014 (T-Mark License), IEC 60950-1: 2005 (2nd Ed.) + Am 1: 2009 + Am 2: 2013 (CB Scheme Certificate), EN 50332-1: 2013, EN 50332-2: 2013, EN 71-3: 2013 Additional licenses issued for specific countries available on request
EMC:	EN 55032: 2012 + AC: 2013; CISPR 32: 2015, EN 301 489-1 v2.1.1 (2017-02), EN 301 489-17 v3.1.1 (2016-11), EN 61000-4-2: 2009, EN 61000-4-3: 2006 + A1: 2008 + A2: 2010, EN 61000-4-8: 2010
	The products are licensed, as required, for additional country specific standards for the International Marketplace. Additional issued licenses available upon request.
Radio:	EN 300 328v2.1.1 (2016-11)
SAR:	EN 62311: 2008
Environmental:	RoHS 2011/65/EU, WEEE 2012/19/EU, REACH 2006/1907/EC, Packaging 94/62/EC, Toys Safety Directive 2009/48/EC

Warning!
This is a Class B product. In a domestic environment, this product may cause radio interference, in which case, the user may be required to take appropriate measures.
Achtung!
Dieses ist ein Gerät der Funkstörgrenzwertklasse B. In Wohnbereichen können bei Betrieb dieses Gerätes Rundfunkstörungen auftreten, in welchen Fällen der Benutzer für entsprechende Gegenmaßnahmen verantwortlich ist.
Attention!
Ceci est un produit de Classe B. Dans un environnement domestique, ce produit risque de créer des interférences radioélectriques, il appartiendra alors à l'utilisateur de prendre les mesures spécifiques appropriées.

This symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste for recycling, please contact your local authority, or where you purchased your product.

Turtle Beach Europe Ltd is obligated as a producer with a main activity of selling under The Producer Responsibility Obligations (Packaging Waste) Regulations 2007. To fulfil our obligation we are registered with Comply Direct and their Recycling Room. Here you will find advice and information on packaging waste management, recycling symbols and the waste hierarchy principles of reduce, reuse and recycle.
