1.5 m, USB-C to USB-C, White

Celly USBCUSBCCOTT - USB-C to USB-C Cotton Braided Cable [POWER DELIVERY]:

USB-C to USB-C braided fabric cables
These 1.5 meter charging cables with USB-C connectors are made of woven fabric for greater strength and durability. In fact, unlike standard rubberized cables, cables covered in braided fabric are much more resistant to wear and tear and are much more difficult to knot.

Equipped with two USB-C connectors, they can be used to charge both Android smartphones and the most recent iPhone 15. And in the case of the iPhone, being available in different colours, they are color matching with the new Apple models.

They support fast charging up to 100W, and are compatible with all chargers and powerbanks equipped with a USB-C port.

The package also includes a rip-tab strap to roll up and neatly store your cable when not in use.
